

## Parent Reviews

"I am thrilled to share my positive experience with Little Shepherd Children's center! Since the new management took over in 2025, Director Ms. Stephanie, we have seen remarkable improvements. The classrooms are not only clean and inviting, but they also foster a nurturing environment where my son feels safe and supported.

The updated weekly school curriculum schedule is fantastic, with exciting specials like PE, music, and STEM incorporated into the curriculum. I appreciate the emphasis on holistic education, including a Bible theme each week that adds a meaningful touch to my sons learning.

Additionally, the introduction of soccer and piano classes as extracurriculars has been a wonderful bonus! My son enjoys these activities, and they provide great opportunities for him to explore his interests.

Overall, I highly recommend Little Shepherd Children's Center to other parents. The kindness of the teachers and the positive changes made by the new management in 2025 have created a school environment where our children can thrive. I truly love this school!"

"LSCC is a wonderful and highly recommended preschool. My children have been attending there for a few years, and we've had such a positive experience. The teachers are caring, dedicated, and truly value each child's growth and development. The new director, Ms. Stephanie, has been nothing short of amazing. She's brought in many positive changes, with my favorite being the introduction of the STEAM curriculum. "

"We are very thankful we found Little Shepherd Children's Center. The staff is always warm and are happy to see students upon their arrival. The atmosphere is nurturing and caring. We love the hands-on activities in the classroom, the new specials programs, and to see our daughter happy and well loved at school. Terrific program and I couldn't dream of a better preschool!"

"We have had such a wonderful experience with this daycare, and I truly cannot say enough good things about the teachers, staff, and leadership team.

My son (now 4) has been at Little Shepherds since infancy. We moved away for a period of time and he attended a few other facilities temporarily — and I can confidently say they did not compare at all. When we moved back, re-enrolling him here was an easy decision. The difference in care, consistency, culture, and overall quality was immediately noticeable.

One of the things I value most is that Little Shepherds is a smaller center that truly feels like a family environment. I know the other parents, the children, and all of the teachers — and that sense of community is incredibly special. There is not a constant rotation or revolving door of staff, which is huge in a childcare setting and honestly so impressive. The consistency and stability the teachers provide makes such a positive impact on the children's emotional security, learning, and overall happiness.

The teachers are incredibly caring, attentive, and genuinely invested in the children's growth and well-being. You can tell they love what they do, and it shows in how engaged, happy, and confident the kids are every day. The learning curriculum is thoughtfully structured and age-appropriate — it's amazing to see how much my children are learning while still having fun and feeling supported.

I also really appreciate the communication and leadership. Anytime I've ever come to the director with a question or concern, it has been addressed quickly, professionally, and with real care. It gives me so much peace of mind knowing my children are in a safe, nurturing, and well-run environment. The camera system adds an extra layer of transparency and reassurance, which I truly value as a parent. My infant has been in the baby room since October and has stayed remarkably healthy — which speaks volumes about their cleanliness, care standards, and attentiveness.

As a parent, it means everything to trust the people caring for your kids — and this team consistently goes above and beyond. We are so grateful for everything they do and highly recommend Little Shepherds to any family looking for a supportive, educational, and loving environment.
